Bookings can be made via the
website or by email.
Please see details below.

A 20% late cancellation fee
will be applied for a 'no show'
or cancellation on the day of
the course.

Autumn 2025

Developing oracy in primary mathematics classrooms

This new course explores ways to help pupils
develop a deeper understanding of the maths
they are learning through discussion.

Teachers will have plenty of opportunities to
explore useful tactics and practical ideas for
the classroom.

A focus on oracy gives pupils opportunities to
think, reason and verbalise their ideas – it's
also great for assessment.

Tuesday 18th November 2025
9:30 am – 3:15 pm

Cost:
£150 + VAT per person

Includes refreshments and
sandwich lunch

Course presenter:

Steph King is a mathematics education adviser and author
with 35 years of experience in primary education, including
senior leadership, subject leadership and ten years as mathematics
adviser for a local authority, before working independently.

Steph writes and presents PD for schools in the UK and abroad. She
has been involved in national events for NACE, Rising Stars UK and UKLA. Steph is an
established author and writes for the publishers Hodder Education, Rising Stars UK,
Harper Collins, Pearson, Oxford University Press (OUP), MacMillan Education
Caribbean, Westchester Publishing and GL Assessment. She writes for national and
international curricula.
